We all know that Beth Ostrosky, [Howard Stern's](#) fiancée, revealed who her bridesmaid would be -- her dog. (See that pic above ... how cute are they?) But here's one big secret that she didn't reveal on the show. In fact, it's sooo super-secret that even Howard doesn't know! So ssshhh ... we've got to keep this one to ourselves, pinkie promise!

"Howard is obsessed with being clean, so I'm going to have little Purell bottles at every table that has our names on it and the date of our wedding," Beth says.

"Howard can use it before he shakes everyone's hand!"

You heard it here first -- the dish on Beth's party favors. Such a cute idea. We love personalized treats at weddings!
